

## This Months News

Containers Direct are please to announce that we are now agents for the extraspace range of products which fit perfectly with our service provision. There are four main products all of which can be delivered anywhere in the UK;

- Armarange— Secure anti-vandal portable buildings
- Expandarange— Flat packed portable buildings
- Modularange— Bespoke modular buildings
- Exportarange— Global accommodation buildings

### More space for less

Modular buildings offer a cost effective solution to building requirements against traditional building methods. As most construction work is undertaken off site, time spent on site is drastically reduced together with costs. We offer both new and used modular buildings in a variety of finishes and internal layouts. We can offer re-hire and outright sales.

[Click here for more details](#)

Our expanda range also includes modular buildings which can be designed and constructed off site then delivered, connected and placed on pad foundations. These units are ideal for disaster recovery as they can be on site, ready to use in a short space of time. Units can also be delivered flat pack and easily assembled on site.

### Quick Links

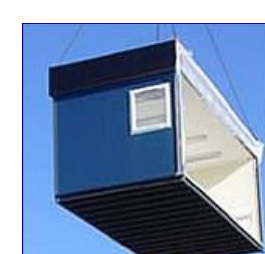

Need something fast?  
The units below at trade rates.

30' Steel anti-vandal open plan office

20' x 8' Furniture grade storage container with choice of doors.

40' x 32' Modular office complex with kitchen, wc and meeting room. Cat 2 lighting and air cond. (ex works price)

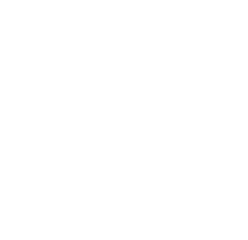

A modular building single bay being lifted into place.

## Truck bodies make good storage

Containers Direct have a range of quality used truck bodies available to buy including box van, curtainsiders and step frame trailers.

- From 30' to 45' available.
- Delivery to site
- With MOT if required.

Trailers are used in many other countries as temporary storage and accommodation units for retail, hospital and building sites. Here in the UK we are yet to see this as an alternative to portable site cabins but who knows? It may take off.

Call us today to discuss rates or [click here](#).

## Moving Abroad

Containers Direct offer a full Overseas Removals service for families or businesses looking to move abroad. The service is more cost effective than the traditional Removal company offering as we do not employ salesmen, packers or removers. For further details [click here](#)

## Containers Direct buy too!

You may have items in stock which you would like to sell. Containers Direct are a trader and will purchase storage units, portable cabins and modular buildings from any region in the UK.

If you do have units available now contact the numbers below or email one of the sales team.
